NIH and IC Scientific Workforce Compared to the CLF

Introduction

As part of the Office of Equal Opportunity and Diversity Management's (OEODM) commitment to keep NIH Senior Management informed about recent changes and updates in NIH's EEO policies, programs, activities and complaint statistics, we have initiated Quarterly Reports. The intent of the report is to highlight the past quarter's significant EEO and Diversity activities and provide current data on NIH's EEO complaints.

Lawrence N. Self, Director, OEODM

BRIEFING on MD-715

On May 16, 2006, the Director, OEODM briefed the Executive Officers regarding the critical EEO performance element contained in their performance plans. This matter concerned the need to reduce the less than expected representation of minorities, women and persons with disabilities in their workforce in the employment categories identified in the NIH MD-715 Report.

On June 30, 2006, employee demographic data was provided to each IC Director and Executive Officer by which to assess their progress in addressing improvements where needed. They were provided a baseline snapshot of their workforce at the end of the last fiscal year, FY 2005, as compared to the most recent available data to reflect overall employee gains or losses during the period. Race, national origin, gender and disability status was provided, as was information on SES, Tenure and Tenure-Track employment categories. Wherever possible, they were provided a comparative benchmark by which to assess parity and/or progress toward reaching parity.

OEODM Customer Service Survey

OEODM customers are continuing to use the on-line OEODM Customer Service Survey to report their level of customer satisfaction with the treatment and quality of service they have received from OEODM staff members. During the 3rd quarter, responses to the questionnaire reflected a high degree of overall satisfaction with the level of OEODM services as summarized below:

Service Dimension Description	Average Rating
• Responsiveness	3.67 (1 = poor, 4 = excellent)
• Courtesy	3.67 (1 = poor, 4 = excellent)
• Follow-Up	4.00 (1 = poor, 4 = excellent)
• Knowledge/Helpfulness	4.00 (1 = poor, 4 = excellent)
• Overall Satisfaction	4.30 (1 = very unsatisfied, 6 = extremely satisfied)

A-76 Study of the EEO Administrative Support Function

On April 26, 2006, the Preliminary Planning Team held its initial meeting to discuss its overall assignment, expectations, member responsibilities, methodology to accomplish assigned work and planned outcomes. Since that time, weekly meetings have been held and the Team's work is on task and meeting assigned deadlines. The Team includes representatives from OEODM; OHR; the Commercial Activities Review Team (CART); and Warden and Associates, the contractor assigned to work with NIH on A-76 matters.

An All-Hands Meeting was held on June 1, 2006, to brief the OEODM staff on the A-76 Study, progress to-date and future activities. Future All-Hands Meetings will include an update of the A-76 study to keep the staff informed of significant developments.

Complaint Activity

Pre-complaints

As of June 30th	FY 2005 1st, 2nd & 3rd Qtr	FY 2006 1st, 2nd & 3rd Qtr	Difference/ Percent Change
Total pre-complaints filed	52	40	-12
Total pre-complaints closed	74	65	-9
Election of Counseling	38 (51%)	39 (60%)	1 (3%)
Election of ADR	36 (49%)	26 (40%)	-10 (-28%)

Formal Complaints

As of June 30th	FY 2005 1st, 2nd & 3rd Qtr	FY 2006 1st, 2nd & 3rd Qtr	Change
Total number of cases filed	42	38	-4
Total number of cases closed	39	45	6
Total inventory of cases at the end of the reporting period	64	60	-4
Findings of discrimination	3	0	-3

Complaint Activity

Most Frequently Raised Bases *

FY 2005 1st, 2nd & 3rd Qtr	%	FY 2006 1st, 2nd & 3rd Qtr	%
Race	25	Race	26
Reprisal	21	Reprisal	15
Age	13	Sex	13
Sex	20	Age	10

* A basis is the prohibited factor (e.g. race, sex, etc.) alleged in the complaint.

Complaint Activity

Most Frequently Raised Issues*

FY 2005 1st, 2nd & 3rd Qtr	%	FY 2006 1st, 2nd & 3rd Qtr	%
Harassment (non-sexual)	45	Harassment (non-sexual)	57
Evaluation/Appraisal	23	Assignment of Duties	46
Terms/Conditions of Employment	21	Time and Attendance	35
Promotion	26	Evaluation/Appraisal	24

* An issue is the employment matter (e.g. non-selection, etc.) alleged in the complaint. Percentages exceed 100% due to the filing of multiple bases.

Complaint Activity

Performance Progress

Measures	FY 05 1st, 2nd & 3rd Qtr	FY 06 1st, 2nd & 3rd Qtr	Difference
Percentage of the number of precomplaints v. the work force	0.4% 74/18,029)	0.2% 65/18,319	-0.2%
The % of pre-complaints processed beyond 90 time period	1.3% (1/74 cases)	1.5% (1/65)	0.2%
The election of ADR during the pre-complaint stage	48% (36/74 cases)	40% (26/65 cases)	-8%
The ADR settlement rate (includes settlements and withdrawals) during the precomplaint stage	16.6% (6/36 cases)	15.3% (4/26 cases)	-1.3%
The Counseling resolution rate (including settlements and withdrawal)	57.8% (22/38 cases)	76.9% (20/26 cases)	-19.1%
Average processing days for ADR	61	61	0
Average processing days for counseling	66	65	-1
Monetary Settlement Cost (including Lump Sum Payment and Attorney fees)	$65,000 (1 case)	$602,062 (5 cases)	+$537,062

Significant Programmatic/Administrative Matters

IMPLEMENTATION OF iCOMPLAINTS

- The OEODM recently implemented iComplaints, the new Departmental data system that is being used to review, monitor, track and report on EEO complaint activity within each OPDIV. All of the NIH complaint data has been successfully entered into the system and the OEODM staff trained on its use.

CONSULTATION AND COORDINATION WITH THE ICS

- OEODM IC EEO Specialists, Branch Chiefs and Division Directors have served on 96 search committees, QRBs, tenure and/or promotion review panels and provided 101 consultations. These consultations ranged from providing advice during IC program office meetings, attending IC senior staff meetings and briefings to addressing IC reorganization issues, discussions about the Workforce Recruitment Program and addressing IC training needs.

- The IC EEO Specialists addressed 80 employee issues/concerns, of which 53 were resolved without becoming EEO complaints. The issues presented ranged from concerns about training and time/attendance matters to complaints about alleged hostile work environment and harassment.

Significant Programmatic/Administrative Matters

OUTREACH AND RECRUITMENT ACTIVITIES

During the quarter, the Special Emphasis Program Managers coordinated and participated in a variety of venues targeting minorities, women and persons with disabilities for NIH research, training and administrative opportunities and employment vacancies. These included:

The Yale University Edward Bouchert Conference at which the NIH Black Employment Program Manager (BEPM) referred the resumes of over 40 Conference participants for consideration for NIH research training positions and funding opportunities.

The Yale Student Visit which was held on the NIH campus during which the BEPM conducted the NIH Research Training, Funding and Employment Workshop for the attendees – the Dean of Diversity and Equal Opportunity in Graduate Education and 14 minorities and female graduate and post-baccalaureate students. Twelve students were referred for research training/employment opportunities and two were later referred to several research postdoctoral opportunities.

Significant Programmatic/Administrative Matters

The Federal Women's Program Manager coordinated with the NIH Office on Research for Women's Health to provide a program during National Women's Health Week designed to promote and improve health benefits through increased physical activity. The "WOMEN" Challenge kickoff was held at NIH on May 17, 2006. As a result, four NIH teams, composed principally of six women are tracking their physical activity for eight weeks.

The Hispanic Employment Program Manager continued to distribute employment opportunities throughout his network. Of the 101 positions advertised during the quarter, he made 28 referrals that resulted in one hire as a Congressional Liaison with NCI. Additionally, 26 student referrals were made, resulting in 3 interviews and 2 hires by the Clinical Center.

The Disability Employment Program Manager attended the Intertribal Deaf Council Conference on June 14 through 17, 2006, and gave a presentation on employment opportunities at NIH. He met with several Native Americans interested in employment at NIH and made several referrals when he returned.

Significant Programmatic/Administrative Matters

SPECIAL EMPHASIS PROGRAM EVENTS

Take Your Child to Work

On April 27, 2006, the annual NIH Take your Child to Work event was held on the NIH campus and attracted over 1,500 children of NIH employees. The ICs held over 50 different activities for the attendees and many others provided give-away items. Feedback received from the participants and parents was highly complementary about the efforts that went into the event's planning and execution.

Asian American/Pacific Islander Heritage Celebration

On May 5, 2006, NIH employees were treated to foods and crafts on the patio of Building 31 to celebrate the richly diverse Far East culture. Following that event, on May 19, 2006, the annual formal evening program was held in Masur Auditorium and featured singing and dance. Dr. Ting-Kai Li, Director, NIAAA served as the key note speaker.

Noons In June

The NIH celebrated the 10th anniversary of the Noons in June lecture series by welcoming Dr. John Corvino and author, Dr. Rob Weiss. On June 12, 2006, Dr. Corvino, who teaches philosophy at Wayne State University in Detroit where he specializes in ethics, discussed "Homosexuality, Morality and Diversity." On June 16, 2006, Dr. Weiss, Director of the Sexual Recovery Institute in Los Angeles, spoke on "Understanding Sexual Addiction: Assessment, Treatment and Implications for Clinical Practice and Research."

Significant Programmatic/Administrative Matters

TRAINING FOR MANAGERS, SUPERVISORS AND EMPLOYEES

Section 508 Training

Approximately 7,200 NIH employees have completed the on-line training module (Stage I) and 1,200 managers, supervisors and employees have completed the Stage II advanced training.

New Employee Orientation

In collaboration with OHR, OEODM staff participated in presenting bi-weekly orientation sessions conducted for new NIH employees. The EEO segment features information about the operation of the EEO and Diversity Management Programs within NIH, including agency EEO policies and practices, the Special Emphasis Programs, EEO complaint processing requirements, the NO FEAR Act and other program matters.

Training for OEODM Staff

OEODM staff continues to receive refresher training to expand their knowledge base and improve performance and productivity. During the quarter, staff received training in the following:

- The Privacy Act
- How to Conduct More Effective Performance Evaluations
- Guidance on Accommodating Federal Employees with Disabilities
- Prevention of Sexual Harassment
- Terminating a Federal Employee: What Human Resource Specialists and Managers Need to Know
